

Student Resource Scheme

Parent Information Letter – YEAR 6 2026

Dear Parents/Guardians,

This letter contains important information about the **2026 Student Resource Scheme (SRS)** including how the scheme operates and the annual participation fee.

In accordance with the Education (General Provisions) Act 2006, the Queensland Government supports students' education by providing funding for:

- Instruction, e.g. teachers
- Facilities, e.g. buildings, amenities, furniture
- Administration, e.g. staffing and resources to administer the operations of the school.

State funding for schools does not extend to individual student resources such as textbooks, equipment for personal use and items used/consumed by the student in the classroom. Parents/carers are directly responsible for these items.

Thornlands State School operates a Student Resource Scheme that requires a parent/carer to enter into an agreement with the school for a specific annual participation fee which provides temporary use of prescribed textbooks and/or other resources, the purchase of consumables and/or materials for the student. The objective of the scheme is to provide a convenient and cost-effective way for students to access the educational resources necessary to enhance their learning experience at school. The Department encourages parents to participate in the scheme.

The 2026 SRS cost for Year 6 students is: \$86.00

The scheme's operation, resource inclusions and participation fees were approved by the school's P&C Association at the meeting held on 15th October 2025.

SRS Participation

Parents are required to complete and return the SRS Participation Agreement Form when joining the scheme for the first time. If a parent decides not to participate in the scheme, they are then required to provide the educational resources listed in the SRS for their child by the start of the school year or when commencing with the school. A parent can opt in or out of the scheme in subsequent years by completing another Participation Agreement Form. Should you choose not to participate in the Student Resource Scheme, you will be responsible for the provision of all text books and associated items included in the Student Resource Scheme listed below for your student.

Resource Inclusions

Type of Resources provided

Generally, the three types of resources that could be included are:

- **Owned** – these items are retained by the student and used as required (e.g. stationery, exercise books, student diary).
- **Used** – these items are used/consumed in class by the student (e.g. industry technology/cooking/art supplies).
 - work/items produced from these resources will remain the property of the student.
- **Hired** – these items are hired to the student for their personal use for a specific period (e.g. textbooks, musical instruments, laptops).
 - Hired items must be returned to the school in good condition at the end of the hire period or if the student leaves the school.
 - A repair or replacement cost may be charged to the parent for any hired items that are damaged or not returned.
