From the Principal

School overview

Thornlands State School's Vision is- MORE (Making Our Results Excellent) - this means ensuring that every one of our students is reaching their full potential. We are very proud of the great work that our dedicated, committed staff does each and every day to enact our Vision- with a broad range of extension and support programs operating to enhance learning for all. A whole school approach to best practice in the teaching of Reading and Writing has been refined and embedded over the last 8 years, with all students having individual reading and writing goals. These are communicated to parents, who are seen as vital partners in achieving the best learning outcomes for each individual student. This home- school connection has been further enhanced in the last 5 years with the introduction of our "Leap into Prep" (Pre-Prep) program for students who enrol for Prep in the coming school year. Our OUTSTANDING NAPLAN results speak for themselves with Thornlands being one of the highest performing schools in the Redlands area, having demonstrated sustained improvement every year for the last 8 years. At Thornlands SS we "Grow the Whole Child" offering a broad range of extra curricula opportunities including - Dance Team, choirs, bands and sport - with key events each year including the Prep Fairy-Tale Ball, Cultural Evening, the School Musical and Art Show, ANZAC Day ceremony and camps and sporting events- such as Cluster Sports, Swimming, Cross Country and Track and Field days. Thornlands adopts a consistent and positive approach to managing behaviour. We expect students and parents to support our school values and strive at all times, as learners, to "Be Safe, Respectful and Responsible". Students at Thornlands are encouraged to participate and strive for MORE in every aspect of their school experience. A strength of our school is the sense of community as our extraordinary staff, wonderful parents and sensational students work together every day to achieve the best possible outcomes for all!!! Indeed, Thornlands SS has enjoyed very strong enrolment growth in the last few years with new families citing our exceptional reputation in the local community, as well as our NAPLAN data, as their main reasons for choosing Thornlands.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community, Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	201,623	194,430	209,282
Water (kL)	12,440	18,257	16,715

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.
